ALLIANZ LIFE LUXEMBOURG S.A.

Chief Risk Officer

Summary of the job

Responsible for the quantitative and qualitative analysis of the Risk profile of the company, including risk controlling and reporting, the Chief Risk Officer manages the interface to Allianz Benelux and Allianz Group Risk functions as well as with other internal or external stakeholders. Sparring partner to the Executive Committee and Board of Management on all Risk issues, the Chief Risk Officer strives for optimum use of data sources and excellent performance.

Job challenges

The Chief Risk Officer shall manage the Risk profile of the company within agreed Risk Appetite in an increasingly volatile and regulated business environment. Whilst involved and consulted in all key strategic developments, the Chief Risk Officer will be also invited to lead specific initiatives in first line (e.g. capital optimisation, M&A etc.). The Chief Risk Officer shall as well demonstrate an intuitive understanding of the new IFRS 17 valuation and reporting standards.

Key responsibilities

- Develops and implements local risk policies and guidelines based on Allianz Group risk framework
- Performs Risk Controlling and Steering
- Prepares and leads the Board's quarterly Risk Committee
- Statutory responsibility (SII Risk Function holder)
- Drives adequate risk culture within the organisation
- Actively represents Allianz Life Luxembourg towards Allianz Group and external stakeholders (incl. regulator)
- Owns the ORSA process
- Coordinates delivery of RSR, SFCR and ORSA documents.

Profile

- Master Degree in economics / econometrics / actuarial sciences
- Proven track-record of minimum 5 years in insurance Risk Management / Audit function
- Proven track-record in Life insurance operated in Freedom of Services from Luxembourg
- Strong knowledge of Solvency II framework
- Strong technical, analytical and communication skills
- Fluent in English and French
- Familiar with global organizations.

Location
Luxembourg

Education level
Master Degree
