ALLIANZ LIFE LUXEMBOURG S.A.

# Head of Actuarial

## Summary of the job

Responsible for the pricing and adequate reserving of all Life insurance obligations (local, IFRS & SII) at Allianz Life Luxembourg, the Head of Actuarial shall focus on creating added value for the business by having meaningful discussions on key metrics, such as new business value and return on risk capital. She/he manages the interface to Allianz Benelux and Allianz Group Actuarial functions as well as with other internal or external stakeholders. Sparring partner to the Executive Committee and Board of Directors on all Life actuarial related topics, the Head of Actuarial strives for optimum use of data sources and excellent performance, while steering the local team with a focus on continuous (personal) development and innovation.

## Job challenges

The Head of Actuarial shall comply with a regulatory environment increasing in complexity, in particular with the implementation of new IFRS 9/17 standards, requiring state-of-the art data management and simplification / streamlining of processes.

## Key responsibilities

- Manages and empowers Actuarial team by entrusting them with responsibilities and striving for continuous personal growth

- Ensures team fulfils all reporting requirements to stakeholders (from Group to regulator)
- Signs-off on technical provisions adequacy in the various regulatory frameworks
- Ensures successful implementation of IFRS 17 within the company
- Statutory responsibility (SII Actuarial Function holder)
- Drives adequate data quality culture and processes within the Actuarial team
- Actively represents Allianz Life Luxembourg towards Allianz Group and external stakeholders (incl. regulator)
- Supports the business in pricing products / business cases in accordance with profitability requirements.

## Profile

- Master Degree in economics / econometrics / actuarial sciences
- Proven track-record of minimum 5 years in insurance Actuarial / Risk Management functions
- Proven track-record in Life insurance operated in Freedom of Services from Luxembourg
- Excellent technical and communication skills
- Leadership skills and ability to interlink within a global organisation
- Fluent in English and French
- Familiar with global organizations.
